

Oct 28, 2025. Moscow. Sberbank (hereafter — «the Group» or «Sber» published Interim Condensed Consolidated Financial Statements under International Financial Reporting standards (IFRS) (hereafter «the Financial Statements») for 9M 2025 and as of September 30, 2025.

Sber net profit for 9M 2025 reached RUB1307.3 bn in accordance with International Financial Reporting Standards (IFRS)

Herman Gref, Chairman of the Executive Board, CEO, stated:

«For the nine months of 2025, Sber's net profit increased by 6.5% year-over-year and amounted to RUB1 307.3 bn. Return on equity grew to 23.7%.

In the reporting quarter, increased demand for credit products from corporate and retail clients enabled Sber to expand its total loan portfolio by 5.1% to RUB48.4 trn. Corporate loans grew by 7.1%, while retail loans increased by 2.1%, primarily driven by the state-supported family mortgage programs. Customer deposits rose by 3.8% to RUB47.9 trn, supported by the bank's attractive deposit product offerings.

Sber has expanded its payment ecosystem with the launch of its proprietary "Whoosh" technology. The solution restored one-tap purchasing for iOS users and quickly gained traction, now serving 2.6 mn clients monthly.

In a milestone achievement, Sber ranked as the world's leading acquirer in October, having processed over 52 bn transactions in 2024—nearly one-tenth of the global total.

In the third quarter, Sber also introduced a new presentation creation feature in GigaChat. Separately, we launched Russia's first Sber Smart Ring, which provides continuous health monitoring and data-driven recommendations for maintaining wellness.

Generative AI is becoming a central driver of Sber's business model, helping to reduce costs, accelerate decision-making, and foster an innovative, data-centric environment.»
