Condensed IFRS result for 1Q 2026

Sber net profit for 1Q 2026 reached RUB507.9 bn in accordance with International Financial Reporting Standards (IFRS)

Herman Gref, Chairman of the Executive Board, CEO, stated:

«For the first quarter of 2026, Sber Group’s net profit increased by 16.5% year-over-year and amounted to RUB507.9 bn. Return of equity reached 24.4%.

The total loan portfolio grew by 1.9%¹ year-to-date to RUB51.6 trn with quality improved. Growth rates remain moderate: the corporate loan portfolio increased by 1.7%¹, retail portfolio adding 2.5% mainly due to mortgage lending at the same time demand in unsecured lending is recovering gradually. Amid persistently high interest rates, client funds have increased by 1.3%¹ to RUB33.9 trn.

We have expanded our presence in all key banking market segments. Sber's share in retail lending exceeded 50%, in the corporate segment rose to 33.2%. A positive trend was also observed in client funds: the market share in retail funds increased to 44.8%, and in corporate funds— to 18.6%.

In April, the bank unveiled the GigaChat Ultra model, which demonstrated a significant improvement in quality across mathematics, law, finance, and medicine, as well as a two-fold acceleration in response generation. For corporate clients, we provided access to the GigaChat Enterprise platform, allowing the use of basic productivity scenarios and enabling to create their own digital assistants tailored to specific business tasks».
